History

The University of California was created by an Act of the State Legislature in 1868, and classes have been given at Berkeley since 1873.

Units of Credit

Until September 1966, credits were recorded as semester units (hours). From September 1966 through summer 1983 credits were recorded as quarter units (hours). Beginning with the fall term, 1983, credits are recorded as semester units (hours). Quarter system requires 180 units for bachelor's degree. Semester system, 120.

Transfer Credit

Only credit that is accepted by the University is indicated on the transcripts of Berkeley students. Individual courses are not shown. Examinations and credits accepted are indicated on the transcript in the same manner as transfer credit.

Course Numbering System

- 1 - 99 - Lower division courses
- 100 - 199 - Upper division courses
- 200 - 299 - Graduate courses
- 300 - 499 - Professional courses for teachers or prospective teachers
- 600 - 602 - Special Study

COVID-19 Spring 2020 – Spring 2021

Undergraduate: The COVID-19 global pandemic required changes to enrollment deadlines and grading policy. Each college developed its own policy to allow students increased flexibility in converting graded classes to passed/not passed.

Graduate: The COVID-19 global health pandemic resulted in academic policy changes in respect to milestone completion, and grading.

Grades of Scholarship

Grades

The work of all students on the Berkeley campus is reported in terms of the following grades:

- A - Excellent
- B - Good
- C - Fair
- D - Barely Passed
- F - Failure
- P - Passed at minimum level of C-
- NP - Not Passed
- S - Satisfactory or passed at a minimum level of B-
- U - Unsatisfactory
- I - Work incomplete, due to circumstances beyond the student's control, but of passing quality
- IP - Work in progress; final grade to be assigned upon completion of entire course sequence
- M - Temporary administrative grade; not included in grade point computation

The grades A, B, C, and D may be modified by plus (+) or minus (-) suffixes.

Grade Points

Grade points per unit are assigned as follows:

A=4, B=3, C=2, D=1, and F=none. When attached to the grades A, B, C, and D, plus (+) grades carry three-tenths of a grade point more per unit, and minus (-) grades carry three-tenths of a grade point less per unit than unsuffixed grades, except for A+, which carries 4.0 grade points per unit as does an A.

Courses graded P, NP, S, U, I, IP, or M are not used in computing the grade point average.

Academic Standing

Good Standing

Undergraduate: C average
Graduate: B average or better on all work attempted at any UC campus after a bachelor's degree.

Academic Probation

Undergraduate students are placed on academic probation if at the end of any term their cumulative grade point average is less than 2.0 (C average) computed on the total of all courses undertaken in the University. However, in the Colleges of Chemistry and Engineering, probation is determined on a term basis.

Credit Codes

Credit codes may determine the calculation of credit or annotate a course entry as follows:

Current Records System

Fall 1995 to Present

Note: An "I" assigned as of Fall 1973 to present is not included in grade point computation.

Pass/Fail Courses

PN - Course offered only on Pass/Not Pass basis

EPN - Undergraduate grading option Passed/Not Passed

ESU - Graduate grading option Satisfactory/Unsatisfactory

SUS - Graduate courses offered only on Satisfactory/Unsatisfactory basis

PN, EPN, ESU, SUS courses are not included in units ATTM (attempted) or units PSSD (passed), but are included in CREDITS COMPLETED.

Prefixed

- C - Cross-listed
- H - Honors
- N - Summer course
- R - Reading & Composition
- W - On-line

Previous Record Systems

Prior to Fall 1975

Note: An "I" assigned prior to Fall 1973 is included in grade point computation as an F grade.

Prior to September 2002, numerical grades as well as letter grades were recorded for some courses.

'D' is a passing grade, but is not sufficient if the course is a pre-requisite for other courses or is required by the student's program.

Information about grading policies in effect prior to 1980 (Law prior to 1985, Dentistry prior to 1987) is available at www.mcgill.ca/students/records/transcripts.

Grade Point Average (GPA)

All credits attempted are used in the calculation of the Grade Point Average, including courses with a grade of 'D' or failed courses that are repeated or for which supplemental examinations are taken.

R course repeated to meet program time limit
T credit by exam only
U extra
V course for non McGill DCS

Class Average

Where appropriate, a class average expressed as the letter grade most representative of the class performance, appears in the class average column.

Credits

Since September 1971, most courses have carried a credit weight. Generally, a one-term course taught for 3 hours a week carries 3 credits. The number of credits completed is shown for most programs.

Prior to Fall 2002 an asterisk (*) appears next to the credit value of courses not counted in the total credits earned.

Non-Credit Courses

Courses offered by the School of Continuing Studies which are non-credit are assigned Continuing Education Units (CEU). One CEU represents 10 hours of participation.

Multi-Term Courses

A multi-term course is indicated by a ◇ following the course number.

DCS/DEC

Since 1969, Quebec high school graduates must complete a two-year college (CEGEP) program leading to a Diploma of Collegial Studies (DCS/DEC) before entering university.

Graduation Honours – Effective September 2009

Distinction The notation of *Distinction* is awarded to students who have completed the required number of McGill credits for graduation and whose cumulative grade point average is in the top 25%, but below the top 10%, of their Faculty's graduating class.

Dean's Honour List A graduate identified as being on the *Dean's Honour List* must have earned a cumulative grade point average within the top 10% of their Faculty's graduating class.

Médecine (janvier 1970 à aujourd'hui) :

S = satisfaisant U = insatisfaisant

Avant septembre 2002, les notes numériques et les notes graphiques étaient indiquées pour certains cours.

« D » est une note de passage, mais qui ne suffit pas si le cours est exigible pour d'autres cours ou si le cours est obligatoire dans le cas du programme de l'étudiant.

On trouvera des données sur les politiques de notation en vigueur avant 1980 (pour le droit, avant 1985 et la médecine dentaire, avant 1987) à l'adresse <http://www.mcgill.ca/students/records/fr/transcripts/key>.

Moyenne pondérée (MP)

Toutes les unités visées servent au calcul de la moyenne pondérée, y compris les cours auxquels l'étudiant obtient un « D » ou les cours auxquels l'étudiant a échoué et qu'il redouble ou pour lesquels il subit un examen de reprise.

T Unité accordée sur examen seulement
U Extra
V Cours valant pour un DEC hors McGill
X Extra
Y Sans unité, non calculé dans la MP
Z Cours valant pour le DEC de McGill

Moyenne de la classe

Lorsqu'il y a lieu, la moyenne de la classe, exprimée comme la note alphabétique la plus représentative des résultats de la classe, figure dans la colonne de la moyenne de la classe.

Unités

Depuis septembre 1971, la plupart des cours ont un coefficient exprimé en unités. En général, un cours d'un trimestre enseigné trois heures par semaine vaut 3 unités. Le nombre d'unités obtenues est indiqué pour la plupart des programmes.

Avant l'automne 2002, un astérisque (*) figure en regard du coefficient d'unités des cours qui ne sont pas comptabilisés dans le total des unités obtenues.

Cours sans unités

Les cours dispensés par l'école d'éducation permanente pour lesquels l'étudiant n'a pas reçu d'unités donnent droit à des unités d'éducation permanente (UEP). Une UEP représente 10 heures de participation à un cours.

Cours échelonnés sur plusieurs trimestres

Un cours échelonné sur plusieurs trimestres est indiqué par un ◇ suivi du numéro du cours.

DCS/DEC

Depuis 1969, les diplômés des écoles secondaires du Québec doivent suivre un programme collégial de deux ans sanctionné par un diplôme d'études collégiales (DEC/DCS) avant d'être admis à l'Université.

Mentions d'honneur pour les diplômés – depuis septembre 2009

Distinction La mention de *Distinction* sera attribuée aux étudiants qui ont réussi la nombre exigé d'unités de McGill en vue de l'obtention du diplôme et qui se classent parmi les meilleurs 25 % (mais sous le seuil des 10 %) de l'effectif de dernière année dans chaque faculté, selon leur moyenne pondérée cumulative.

Tableau d'honneur du doyen Un étudiant en passe d'obtenir son diplôme et sélectionné en vue du *Tableau d'honneur du doyen* devra être du nombre des étudiants de dernière année dans chaque faculté se classant parmi les meilleurs 10 %, selon leur moyenne pondérée cumulative.

SUPPLEMENTARY EXAMINATION AND RE-EXAMINATION

Students who sit for Supplementary Examination or Re-examination (if applicable) are awarded the grade appropriate to the marks they obtain.

MEDIUM OF INSTRUCTION

The medium of instruction used in the University is English, unless specified otherwise.

CUMULATIVE AVERAGE POINT (CAP)

The Cumulative Average Point (CAP) was introduced for students admitted from the Academic Year (AY) 1998/1999 onwards to track the progress of students under the Modular System. It is the weighted average grade point of all modules taken by the student.

MODULAR CREDIT (MC)

A modular credit (MC) is a unit of the effort, stated in terms of time, expected of a typical student in managing his/her workload. 1 MC is equivalent to 2.5 hours of study and preparation per week. Thus, a 4-MC module would require 10 hours of work a week, including lectures, tutorials, laboratory sessions, assignments, and independent or group study, over 13 Instructional Weeks in a semester.

GRADE-FREE SCHEME (GFS)

The Grade-free Scheme (GFS), in the form of 32 MCs of Satisfactory/Unsatisfactory (S/U) option, was introduced for **undergraduate** students admitted from AY2014/2015 onwards, to provide a supportive and enabling environment for them to make a successful transition into the academic and social aspects of university life.

It was enhanced from a grade-free first semester to a grade-free first year for undergraduate students admitted from AY2016/2017 onwards.

At the end of a semester, students may choose to retain the letter grade or to exercise the S/U option on a module, in which case the letter grade will not be shown on the transcript nor computed towards the CAP. An 'S' grade is assigned if students receive a C grade or above while a 'U' grade is assigned if the grade obtained is D+, D or F. Students will receive credits towards the degree only if they attain an 'S' grade.

LEAVE OF ABSENCE

Only leave of absence of one semester or longer is recorded in the transcript.

DEGREE CLASSIFICATION

The criteria for degree classification applicable to students admitted from AY2012/2013 onwards are as follows:

Honours Degree Classification ⁽ⁱ⁾	Criteria
Honours (Highest Distinction)	CAP 4.50 and above ⁽ⁱⁱ⁾
Honours (Distinction)	CAP 4.00 – 4.49
Honours (Merit)	CAP 3.50 – 3.99
Honours	CAP 3.00 – 3.49
Pass	CAP 2.00 – 2.99
Bachelor's Degree Classification ⁽ⁱⁱⁱ⁾	
Pass with Merit	CAP 3.00 and above
Pass	CAP 2.00 – 2.99

(i) This refers to 160-MC degree programmes.

(ii) Particular Faculties/Schools may stipulate other requirements.

(iii) This refers to 120-MC degree programmes.
